Mark the statements True or False

- The source of Nuronium has been irreversibly compromised. True False
- Polixate is a renewable energy source that won't cause infertility. True False
- O Polixate will sustain cognition in the same way as Nuronium. True False
- The Polixate comet will remain in orbit for centuries.

True False

Dr. Taylof's group believes that future generations have an inherent right to be brought into existence.

True False

Or. Kahan's faction believes that continuing life alone is incomparably valuable.

True False

- Dr. Taylof's group believes that preserving culture is one of the most fundamental sources of meaning a species can have. True False
- Br. Kahan's faction believes that merely continuing to exist, like contented pets, would not be valuable.

True False

Dr. Taylof's group believes that there's no point in trying to preserve future generations if they can't add to the civilization they've inherited.

True False

Dr. Kahan's faction believes that switching to Polixate would improve the total happiness of your species.
