### FUNCTION

#### OFFERING TO HELP

**2** Read the article and guess the missing city name.

### The most helpful city

When someone sees a person in trouble, do they stop and help or just 'walk on by'? Researchers from the USA decided to answer the question 'Which is the most helpful city in the world?'. They went to twenty-three capital cities and did three experiments to find out:

- a) A person is walking along the street and drops his/her pen.
- b) A person with a broken leg drops some papers.
- c) A blind person is trying to cross the road.

They found that people in Spanish-speaking cities were usually the most helpful. Madrid, San Salvador and Mexico City each scored highly. People in these cities gave help with a smile and seemed happy to give their time. People in New York came near the bottom: they were often too busy or were in a hurry. They also said they sometimes didn't offer help because it was dangerous or because people got angry with them. And the most helpful city in the world? \_\_\_\_\_, in Brazil.
