

Unit 3 - Addition and Subtraction

LEGO

INDIANA JONES 2 THE ADVENTURE CONTINUES

Name:

Class:

Date:

We can reverse the equation. Change the + to a - and use the two numbers that we already have.

$$18 + = 100$$

$$632 + = 688$$

$$126 + = 249$$

$$325 + = 550$$

$$632 + = 688$$

Change the question to an addition problem.

189 - ? = 87 becomes 87 + ? = 189

$$189 - \text{LEGO PIECE} = 87$$

$$632 - \text{LEGO PIECE} = 588$$

$$126 - \text{LEGO PIECE} = 56$$

$$325 - \text{LEGO PIECE} = 120$$

$$632 - \text{LEGO PIECE} = 68$$
