1. A family is buying a used car. They are choosing among four car models. Use the information in the chart to order the car prices from least to greatest. Then name the car model with the lowest price.

| Used Car Model | Price |
|---|---|
| Model A | $19,600 |
| Model B | $20,195 |
| Model C | $19,499 |
| Model D | $19,998 |

2. Use each of the digits 5, 6, 7, 8, and 9 exactly once to create a five-digit number that makes the comparison true.

80,000 + 9,000 + 200 + 10 + 4 (<) _____
