Año

Año 2010

The diagram is a horizontal timeline. A vertical line divides it into two sections: 'PREHISTORIA' on the left and 'HISTORIA' on the right. Above the timeline, there are several blue rectangular boxes for dates. The first box is labeled 'Año' and is positioned above the Prehistory section. Below the timeline, there are more blue boxes labeled 'Año' at various points in the History section. A small image of a landscape is placed between two 'Año' boxes in the History section. The timeline ends with a box labeled 'Año 2010'. Below the Prehistory section, there is a large empty rectangular box for additional notes or information.
