Hello! My name is Ash Ketchum. I live in Kanto and I'm ten years old. This is a day with me. I wake up in the morning and I get up. First I usually have a shower in the bathroom. Then I get dressed and I have breakfast. I go to the bathroom and I always brush my teeth and hair. I never leave home at nine because it is too late. I sometimes catch the bus to go to school. I study a lot in CEIP do Foxo. I rarely arrive home at two in the afternoon, I always arrive home at quarter past two and I have lunch. I do my homework and I always take my pokemons for a walk. I watch TV in the living room and I usually use the internet to learn English. Finally I have dinner and I go to bed.
