

A vibrant space-themed illustration. At the top right is a large, bright yellow sun with radiating lines. A rainbow-colored comet streaks across the top left. Several blue and grey planets or moons are scattered in the upper left. The background is a dark blue/black space filled with numerous small, multi-colored stars (yellow, orange, red, blue). In the bottom left, a blue satellite with solar panels is visible. In the bottom right, a green planet with a brown ring system is shown. The title 'science Questions' is written in a large, yellow, cursive font across the center.

science Questions
