

READING COMPREHENSION

PAST SIMPLE

When I **went** to the beach with my family, we **rented** a car. On the first day I **visited** many beautiful beaches. Also, in the evening there **was** a movie on the beach, it was something wonderful that I would like to repeat. Then we decided to go to a hotel to rest. The next day my father **drove** the car to another city near there, where there **were** many places to take beautiful pictures and remember each of those family moments. It **was** a great experience for us because we **did** different things and **saw** different places. Also, I think that all the time we **shared** as a family is a beautiful memory that we each have. I hope to go again with my family and eat shrimp like the ones I **ate** on my family vacation.
