

English Worksheet
for Grade Seven

Name: _____
Date: _____

Skills: Reading and Writing

Read the following part of the text and answer the questions:

January 5th

1 January 5th

- My name is **Hugo** and I live in Quito. This city is special because it's the capital city of Ecuador. Ecuador means "equator" in Spanish and that is where we are – on the equator! It's a beautiful country, with mountains and rivers. Because we are on the equator, we have 12 hours of daylight and 12 hours of night every day of the year. We don't have winter or summer. We have warm weather all year – about 25°C in the day and 10°C at night. You can go outdoors any day in shorts and a T-shirt, but you'll need to take an umbrella because sometimes it rains.
- 10 We have our long vacation in January and February. In the afternoon, when it's dry, my friends and I go swimming. When it rains, we spend time playing basketball indoors. Swimming and basketball are our favorite sports.

1. Why is Quito special?

2. Find a sentence that describes Quito.

3. How is the weather in Quito?

4. Describe how people dress in Quito.
