EXERCISES- PART 2- ECOSYSTEMS

Living things/biotic factors

Non living things (abiotic factors)

Ecosystem: grasslands

Ecosystem: Pond

Ecosystem: Forest

Ecosystem: Coast

Ecosystem: Cities

1. Complete and write:

G__a__s__a__d__:_____

L__v__n__ t__i__g__/B__o__i__ f__c__o__s:_____

_____

N__n __i__i__g __h__n__s/A__i__t__c f__c__o__s:_____

_____

LIVEWORKSHEETS

P__n__:_____  C__t__e__:_____

F__r__s__:_____  C__a__t:_____

2. **Study and then complete: What's an ecosystem?:**

An ecosystem is a community of living things (biotic factors) and non living things (abiotic factors) in a particular area.

Some types of ecosystems: grasslands, ponds, deserts, forests, coasts and cities.

An _____ is a community of _____ _____

(biotic factors) and _____ (abiotic factors) in a

_____ area.

Some types of ecosystems: g_____, p_____, deserts,

f_____, c_____ and c_____

3. **Complete again:**

An _____ is a _____ of _____

_____ (_____ factors) and

_____ (abiotic factors) in a _____

area.

Some types of ecosystems: g_____, p_____, deserts,

f_____, c_____ and c_____

4. **Complete again:**

An _____ is a _____ of _____

_____ (_____ factors) and

_____ (_____ factors) in a particular

_____.

Some _____ of ecosystems: g_____, p_____,

deserts, f_____, c_____ and c_____

LIVEWORKSHEETS

5. **Complete again:**

An _____ is a _____ of _____

_____ (_____ factors) and

_____ (_____ factors) in a

_____ _____.

Some _____ of ecosystems: g_____, p_____,

deserts, f_____, c_____ and c_____

ECOSYSTEMS: GRASSLANDS AND FORESTS

Long grasses

Short grasses

Covered in trees

Not many trees

Tropical rainforest

Temperate forest

Rain

Oxygen

LIVEWORKSHEETS

6. **Complete and write:**

 L__n__ g__a__s__s:_____  R__i__:_____

 O__y__e__:_____

 S__o__t __r__s__e__:_____

 C__v__r__d __n __r__e__:_____

 N__t __a__y __r__e__:_____

 T__o__i__a__ r__i__f__r__s__:_____

 T__m__e__a__e __o__e__t:_____

7. **Match:**

Covered in trees Short grasses long grasses not many trees

Tropical rainforest temperate forest rain oxygen

LIVEWORKSHEETS

8. **Match. Is it a typical characteristic of grasslands or forests?**

FORESTS

GRASSLANDS

1. They provide oxygen.
2. They have áreas with long and short grasses
3. Areas covered in trees
4. There aren't many trees.
5. Types: temperate and tropical rainforest

ANIMALS IN GRASSLANDS AND FORESTS

Monkeys

Frogs

Jaguar

Parrots

Bears

Horses

Foxes

Rabbits

Mice

Owls

Eagles

Squirrels

9. **Complete and write:**

M__n__e__s:_____

LIVEWORKSHEETS

F__o__s:_____

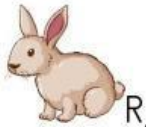

J__g__a__s:_____

P__r__o__s:_____

H__r__e__:_____

R__b__i__s:_____

E__g__e__:_____

B__a__s:_____

O__l__:_____

M__c__:_____

F__x__s:_____

S__u__r__e__s:_____

10. Match

Frogs jaguars squirrels rabbits
Owls Foxes Mice Bears

LIVEWORKSHEETS

11. **Write the animals and plants into the correct column:**

Parrots – foxes – deciduous trees - owls – squirrels – short and long grasses - horses – jaguars – monkeys – bears – mice – frogs – squirrels – rabbits – eagles – evergreen trees

GRASLANDS	TROPICAL RAINFORESTS	TEMPERATE RAINFORESTS

12. **Complete:**

GRASSLANDS are areas with _____ and _____ grasses. There _____ many trees and animals like h_____, r_____ and m_____ live there.

FORESTS are areas _____ in _____. They provide _____ that living things need for respiration. Types of forests:

- _____ **rainforests** are _____ and humid with a lot of _____. Most of the trees are _____ (they don't lose their leaves). Animals like m_____, j_____, f_____ and p_____ live there.

- _____ **forests** have usually got _____ trees (they lose their leaves in winter). Animals like f_____, b_____, o_____, s_____ and e_____ live there.

13. **Try to complete again:**

GRASSLANDS are areas with _____ and _____ grasses. There _____ many trees and animals like h_____, r_____ and m_____ live there.

FORESTS are areas _____ in _____. They provide _____ that living things need for respiration. Types of forests:

- _____ **rainforests** are _____ and humid with a lot of _____. Most of the trees are _____ (they don't lose their leaves). Animals like m_____, j_____, f_____ and p_____ live there.

LIVEWORKSHEETS

- _____ **forests** have usually got _____ trees (they lose their leaves in winter). Animals like f_____, b_____, o_____, s_____ and e_____ live there.

14. Write: Grassland, forests, tropical rainforest or temperate forest:

1. Foxes live there:_____
2. Frogs live there:_____
3. They provide oxygen:_____
4. It is hot and humid:_____
5. They are areas with long and short grasses:_____
6. Rabbits live there:_____
7. Owls live there:_____
8. It rains a lot:_____
9. Areas covered in trees:_____
10. Most trees are evergreen:_____
11. Jaguars live there:_____
12. There aren't many trees:_____
13. Types: temperate and tropical rainforest:_____
14. Squirrels live there:_____
15. Most trees are deciduous:_____

LIVEWORKSHEETS
