

"Earth" by Lil Dicky

"Earth" is the title of a 2019 single by American rapper Lil Dicky. The song features the vocals of over 30 artists/ celebrities from all over the world. The lyrics of "earth" center on nothing but saving the earth. Owing to this, Dicky and the over 30 artists on this song encourage us to love the earth while reminding the world that Mother Earth is the only home we have. We therefore must do everything within our power to take care of her and protect her. In doing so, they also shed light on the harmful effect of climate change.

The artist / celebrities who join in this song are Justin Bieber plays a baboon, Ariana Grande plays a zebra, Halsey plays a lion cub, Zac Brown plays a cow, Brandon Urie plays a pig, Hailee Steinfeld plays a fungus, Wiz Khalifa plays a skunk, Snoop Dogg plays a marijuana plant, Kevin Hart plays the role of rapper Kanye West, Adam Levine of Maroon 5 plays a vulture, Shawn Mendes plays a rhino, Charlie Puth plays a giraffe, Sia plays a kangaroo, Miley Cyrus plays an elephant, Lil Jon plays a clam, Rita Ora plays a wolf, Miguel plays a squirrel, Katy Perry plays a pony horse, Lil Yachty an HPV and Ed Sheeran plays a koala.

Please join the illustration photo with its discription which tell us the situation in the “ earth” story.

Look the damage of the earth “If we don’t change our behavior fundamentally on Earth in the next 12 years, the damage is irreversible.”

singers, rappers and other celebrities with many of them taking on the roles of a different animal or plant, starting with Justin Bieber's baboon

We Are The World.'because of it. Let’s save our planet together. So we can live in the world happily, peacefully and preporously

Lil Dicky says I love this “Earth,”I think we also need to save the environment before it’s too late.

The earth future is in our hands. climate change has happened for long time. It will dustruct our living.
