

# Object pronouns

## Косвенный падеж личных местоимений

1. Use your intuition. Fill in the table:

| Именительный падеж | Косвенный падеж |      |
|--------------------|-----------------|------|
| I                  |                 | меня |
| you                |                 | тебя |
| he                 |                 | его  |
| she                |                 | её   |
| it                 |                 | его  |
| we                 |                 | нас  |
| they               |                 | их   |

2. Use the magic of your knowledge. Rewrite the sentences, transform the words in bold into pronouns, personal or object.
