IV.

All conference need to provide accommodation for people with . Disabled individuals need to be able to every session that is being . In case a session is held in an off- site , we are not for providing accommodation. But for any event at our facility, we need to make the necessary for disabled participants. Most areas of our facility are handicapped , but in some situations we need to make further accommodations. For example, planners are asked to get in touch with us ahead of time if any attendees will require interpreters for the impaired. To facilitate this, conference usually ask attendees to request at the time that they for the conference.
