

Solving Math Problems

Challenge Problems Page 2

Question 1: Solve each problem.

<p>Write the number.</p> <p>seven hundred twenty-three</p> <p><input data-bbox="397 617 579 729" type="text"/></p>	<p>Write the number in expanded form.</p> <p>533</p> <p>_____ + _____ + _____</p>
<p>Compare (> < or =)</p> <p>764 <input data-bbox="460 898 547 977" type="text"/> 647</p>	<p>Write the missing numbers.</p> <p>630, _____, 650, _____</p>

Question 2: Fill in the missing number.

$$718 + 395 = 395 + \underline{\hspace{2cm}}$$

$$719 + 395 = 720 + \underline{\hspace{2cm}}$$

$$621 + 249 = 250 + \underline{\hspace{2cm}}$$

$$333 + 444 = 447 + \underline{\hspace{2cm}}$$

Question 3: Draw lines to match.

1. expanded form

765
↑

2. hundreds

>

3. equal to

1000

4. greater than

=

5. less than

<

6. thousand

$600 + 20 + 9$

Question 4

Rashid has 538 bugs in his bug collection. Ahmed has 583 bugs in his bug collection. Who has a greater number of bugs?

- A. Rashid
- B. Ahmed
