Activity III

Instructions

- Read the article about the Parts of the body.
- Choose the best word (A, B or C) for each space.
-

PARTS OF THE BODY

The human body is a complex machine with numerous parts that work in perfect harmony to ensure our survival. Each part has its own function and importance, and they all rely on each other to function properly. The **(1)**…….. is where our brain is located, and it controls all of our bodily functions, while our eyes allow us to see the world around us. The **(2)**…….. is responsible for our sense of smell, and the **(3)**…….. allows us to taste and speak. Our **(4)**…….. not only allow us to hear but also help us maintain balance. Moving down, the **(5)**…….. connects the head to the rest of the body, while the shoulders, arms, and **(6)**…….. are necessary for manipulation and movement. The **(7)**…….. houses the heart and **(8)**…….. , and the abdomen contains the digestive and reproductive systems. The hips, legs, and **(9)**…….. provide support and mobility. The human **(10)**…….. is truly a remarkable creation, and it's important to take care of it so that all of its parts can function properly.

1. a. Head	b. shoulder	c. mouth
2. a. Ears	b.nose	c. neck
3. a. Mouth	b. body	c. hands
4. a. Nose	b. feet	c. ears
