

THIS IS HALLOWEEN

Let's read the following texts about Halloween night. Then, we can start completing some activities below:

Thomas:

I always wear superheroes costumes for Halloween but tonight I am wrapped-up with long white fabric pieces. I want to look spooky tonight because I am planning to visit many houses and I want my neighbours to feel frightened! It is the first time I go trick or treating alone! Hope I get a lot of candies!

Michael:

I never celebrate Halloween because my mom doesn't like it but today I am going out with my big sister Ana. She loves Halloween and she is helping me with my costume. Now, it is getting dark and we need something red to use as fake blood. Is ketchup a good choice?

Diana:

Tonight I am wearing my dad's broomstick as an accessory. He is a school janitor. He is putting on some Halloween decorations now. Also, I am wearing my mom's belt because this dress is too large for my body. My sister says I need to put on more make-up but I am not sure about that. What do you think?

Do you know what is the name of the costume each child is wearing?

Thomas:

Michael:

Diana:

Can you mention other Halloween costumes?

PRONUNCIATION: NEUTRAL SOUNDS.

We use neutral sound to connect short function words and gain fluency. Let's revise the two neutral sounds and read the following extracts from the texts:

I want to look spooky tonight because I am planning to visit many houses

We need something red to use as fake blood.

I am not sure about that.
