

We Are

(Keke Palmer – We Are Lyrics – Ice Age 4)

We are, are

Not your ordinary fami-mily

But we can all agree that

We are, we are

Close as can be

So it don't what it looks like

We look perfect to me

We got every kind of lover

We're so indeed

They can keep on talking

It don't matter to cause

We are, we are family

We are are are are (We are are)

We are are are are (We are are)

We are are are are (We are are)

We are, we are family, family, family

We are, we are

So what?

We don't, we don't act

We don't walk, we don't talk

Like you

So what?

If we hang just a and no shame

We both do what we want to

Cause we from everywhere

Searching for ones to care

Somehow we found it here

We found us a

We are, we

Not your ordinary fami-mily

But we can all that

We are, we are

Close as close can be

So it matter what
it looks like

We look perfect to me

We got kind of lover

We're so lucky indeed

They can keep on

It don't matter to me cause

We are, we family

Ok, so the links in our

chains makes us strange

But really they make us

And no one would replace not a thing

..... or father

Cause we...

Cause we come from

Searching for ones to care

Somehow found it here

We found us a home

..... are, we are

Not your ordinary fami-mily

But we all agree that

We are, we are

Closeclose can be

So it don't matter what it looks like

We perfect to me

We got every kind of lover

We're so lucky

They can keep on talking

..... don't matter to me cause

We are, we are family

(Family)

(We, we are)

We are, we are family
