

Time Signature

$$\frac{4}{4} = \text{four crotchets}$$

4 crotchet beats in a bar

The top number tells you the number of the beat
The bottom number tells you the type of beats

The total value of the notes in a bar should be the same with the top number of the time signature

Example:

$$\frac{4}{4} = \text{two minims}$$

2 + 2

$$\frac{4}{4} = \text{one crotchet, one crotchet, and one minim}$$

1+1+2

Fill with the correct number

$$\frac{\square}{4} = \text{♪ ♪ ♪ ♪}$$

$$\frac{\square}{4} = \text{♩ ♩}$$

$$\frac{\square}{4} = \text{♪ ♪ ♩}$$

$$\frac{\square}{4} = \text{♪ ♩ ♩}$$

$$\frac{\square}{4} = \text{♩ ♪ ♪}$$

$$\frac{\square}{4} = \text{♩ ♪ ♪}$$
