

# Time Signature

$$\frac{2}{4} = \text{♪ ♪}$$

2 crotchet beats in a bar

The top number tells you the number of the beat  
The bottom number tells you the type of beats

The total value of the notes in a bar should be the same with the top number of the time signature

## Example:

$$\frac{2}{4} = \text{♪}$$

2

$$\frac{3}{4} = \text{♪ ♪}$$

1 + 1

Fill with the correct number

$$\frac{\square}{4} = \text{♪ ♪}$$

$$\frac{\square}{4} = \text{♩}$$

$$\frac{\square}{4} = \text{♪ ♪}$$

$$\frac{\square}{4} = \text{♩}$$

$$\frac{\square}{4} = \text{♪ ♪}$$

$$\frac{\square}{4} = \text{♩}$$
