

LOS SERES VIVOS

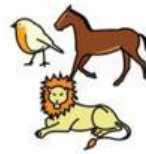

Las personas

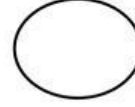

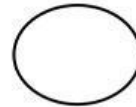

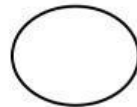

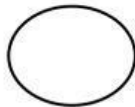

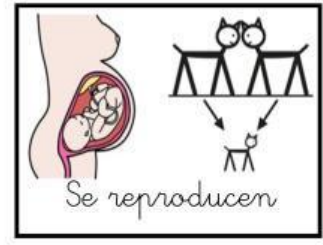

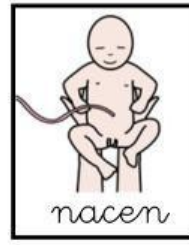

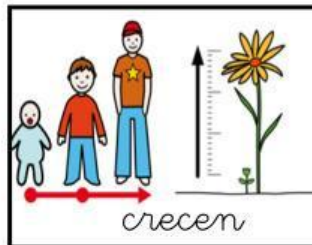

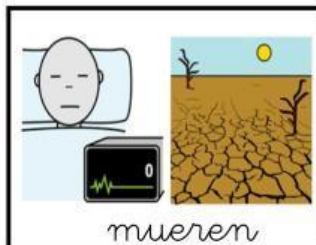

Los animales

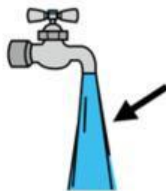

Las plantas

porque

Necesitan...

Aire para respirar

Alimento para
tener energía

Agua para
hidratarse y crecer

Estamos formados por muchas células.

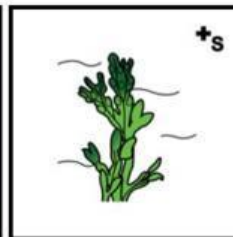

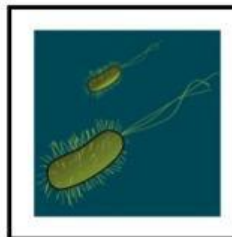

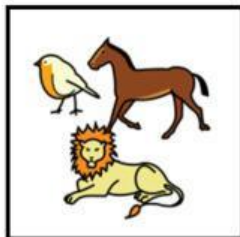

Célula animal

Célula vegetal

Hay 5 tipos de seres vivos

algas

hongos

animales

bacterias

plantas

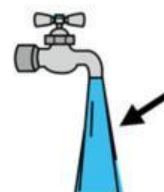

Las personas pertenecemos al grupo de los _____

Agua para
hidratarse y crecer

Alimento para
tener energía

Aire para respirar
