Unusual Vacation Accommodations

How would you like to sleep in a bubble? Not the kind you blow up, but a plastic one with a bed, table and chairs inside. There are a few places where you can stay in a bubble hotel, including France, Iceland and Canada. In France, there's even a bubble village with 12 bubbles.

If you want to be alone on your own island, book a night at Spitbank Fort Hotel in the UK. It's a luxury hotel on a small island in the middle of the sea. The only way to get there is by boat or helicopter. The hotel has nine bedrooms, a restaurant, a bar and a hot tub. But it doesn't have any neighbours!

In China, you can spend the night in a cave. The rooms in the Cave Hotel are small, but they have beds, tables and chairs, and TVs. There are also bathrooms with showers and toilets. The hotel is in a quiet village in the mountains. The view is beautiful, and there are lots of things to do, like walking and cycling.

If you're not scared of heights, try a night in Skylodge Adventure Suites in Peru. The hotel is made of glass and hangs from the side of a mountain. You need to climb up to get to your room, and there are no lifts. But when you arrive, you have an amazing view. There are three capsules, and each one has a bedroom, a dining area and a bathroom. The food is delivered by a zip line, so you don't need to go down for dinner.

Finally, if you love animals, you'll enjoy a night at Giraffe Manor in Kenya. It's a big house with a beautiful garden, and giraffes live there too. They come and say hello at breakfast time and put their heads through the windows. The hotel has 12 rooms, and all of them are named after a giraffe.
