Stanislaw Kowalski has become the oldest person in Europe to run a 100-metre race. When he crossed the finishing line, the 104-year-old grandfather said that **he felt like a new man**. He said **he wasn't surprised that he had lived to such an old age**. He said **he had always done everything he wanted to do and he had never been to the doctor's**. He also said that **he had cycled or walked ten km to work every day** of his working life. He told reporters that **he was looking forward to breaking the world record** for the sixty-metre race, which he actually did half a year later.
