Section 3: Reading Comprehension (15 minutes)

Read the passage and answer the questions.

A firefighter

Every day, firefighters play a vital role in our community. These brave individuals work to keep us safe from fires and other emergencies. Let's take a closer look at what a day in the life of a firefighter is like.

Firefighters start their day early. They gather at the fire station, where they check their equipment and get ready for any emergency that may arise. They work in shifts, so they can be on call at all hours.

When an emergency call comes in, they rush to the scene in their fire truck. There, they assess the situation, work together to put out fires, and rescue people in danger. Firefighters have to be strong and brave, as they often risk their lives to save others.

Apart from fighting fires, they also help with medical emergencies. They provide first aid and assist paramedics in caring for injured people.

In between emergencies, firefighters keep busy. They clean the fire station, maintain their equipment, and conduct drills to stay prepared for any situation.

Being a firefighter is challenging but rewarding. They save lives and protect our homes and communities. Next time you see a firefighter, be sure to appreciate the important work they do.
