

# PANCAKE RECIPE

Listen to the sound and fill in the blanks.

Hello, and welcome back to Kim's \_\_\_\_\_. Today I'm going to show you a simple \_\_\_\_ for \_\_\_\_\_ english pancakes. Let's start with the \_\_\_\_\_. To make \_\_\_\_\_ pancakes, you will need one hundred grams of plain \_\_\_\_\_, two large eggs, 300 millilitres of milk, and one \_\_\_\_\_ of sunflower oil. First, put all the ingredients into a \_\_\_\_\_, then whisk them into a smooth batter. Ideally, you should let the batter rest for thirty minutes, but you can start cooking straight away if you want. \_\_\_\_\_, put a medium non-stick pancake pan over a \_\_\_\_\_ and carefully wipe it with some oiled kitchen paper. When the \_\_\_\_\_ is hot, use a ladle to \_\_\_\_\_ the batter into the pan. Be careful not to put \_\_\_\_\_. The batter should just cover the bottom of the pan. \_\_\_\_\_ your pancakes for one minute on each side until they are golden. You can use a spatula to \_\_\_\_\_ them over, or if you are feeling brave, you can try tossing them! If you are not \_\_\_\_\_ the pancakes right away you can keep them \_\_\_\_\_ in a low \_\_\_\_\_. Finally, you can serve your pancakes with \_\_\_\_\_ wedges and caster sugar, or use your favorite filling. I prefer strawberry \_\_\_\_\_ myself.

If you've got any pancakes left over, you can layer them between baking \_\_\_\_\_ once they are cold, then \_\_\_\_\_ them in cling film before storing them in the \_\_\_\_\_ for up to two months. Well, that's all for today. I hope you enjoyed this recipe. If so, make sure you subscribe my youtube channel!
