Read and answer the questions

I'm Katie and this is my sister, Hannah. She's 34 years old and she's an engineer. Our parents are from Mexico, but Hannah and I are from the USA. Traditions are important in our family: we get together on Sundays to eat lunch at my parents' house in Albuquerque. My sister's wife is Jane. Jane is a kindergarten teacher.

Hannah and Jane have two children: Lily and Violet. They are twins. Lily likes to paint, and Violet likes to swim.

I don't have any children. I have a dog and a cat; their names are Lucy and Igor, respectively. My mother has a beautiful parrot; his name is Andor. I love my family very much.

Remember to write complete answers using possessive adjectives.

1. How old is Hannah?
2. Where are Katie and Hanna's parents from?
3. Are Lily and Violet Katie's children?
4. Is Andor Hanna's parrot?
