

The Geography of Downton: Upstairs | Behind The Scenes

This is **the Great Hall**. In this house, the hall serves as a kind of 1) s_____. It would have kind of doubled up as 2) b_____ and great 3) r_____ rooms. And it's d designed to do that. So the staircase, as you can see, is sort of 4) t_____ b_____ quite discreetly. And the space is here for great 5) e_____.

And **the drawing room**, in fact, is quite 6) m_____ for a house of this size. It's very 7) f_____ and light and 8) a_____. It would be seen as the main woman of the house's kind of 9) d_____. In many ways women ran society, and it is from rooms such as this, you know, that the power of society was exercised.

This is **the library**. In this house, the library was very much the 10) h_____ of it, tremendously 11) i_____ and 12) m_____. The library became the informal 13) s_____ room of the house party. I think it's very warm, the feeling of it. It's sort of cosy 14) m_____. And I can't imagine a nicer library, actually.

This is **the Green Baize door**.

This is the door that separates the 15) w_____s of the house from the life being lived in it by the family.
