

Title: _____

The grass _____ green enough here
After watering it with my tears
I'm not sure where you _____
Now we are, just _____

The snakes, they are slithering in
_____ me to my end
I can't say where that is
I'm _____ again

And when I get there
It _____ far enough
I'm a renegade, it's in my blood
If ever I get there
It _____ fast enough
I'm a renegade, I always was

And your spark never lit up a fire
Though I _____ and _____ and _____
The wind came through your lungs
A hurricane from your tongue

_____ your secrets with me
Right behind my teeth
Your anger, your anchor
But _____ much further on
On, on, on

And when I get there
It _____ far enough
I'm a renegade, it's in my blood
If ever I get there
It _____ fast enough
I'm a renegade, I always was.

1- How many verb tenses did you find in the lyrics?

2- What feelings do you relate to this song?

3- What does the songwriter mean when saying "*now we are just past tense*"?

4- Do you consider yourself a renegade? Why?
