13 Kinds of Exercises in Liveworksheets

Editor: Ms. Tran Ngoc Ha

1. Write correct answer

- Draw a text box and enter the right answer.
- If there are multiple possible answers, enter all them, separated with bars "/".

E.g. Who is the founder of Microsoft?

2. Drop-down select box

- Draw a text box and enter "choose:" followed by the options separated with bars.
- Enter an asterisk before the right answer.

E.g. Who is the founder of Microsoft?

3. Multiple choice

- Enter "select:yes" on the right answer, and "select:no" on the wrong answer(s).
- If it is a free-answer question, just enter "select:".

E.g. Who is the founder of Microsoft?

a. Steve Jobs *b. Bill Gates* *c. Stephen Hawking*

4. Check boxes

- Add "tick:yes" before the right answers and "tick:no" before the wrong answers.
- If it is a free-answer question, just enter "tick:".

E.g. Who is the founder of Microsoft?

☐ *a. Steve Jobs* ☐ *b. Bill Gates* ☐ *c. Stephen Hawking*

5. Join with arrows (Matching)

- Enter "join:" followed by the same number on the answers that should be joined with an arrow.
- The numbers mustn't be repeated.
