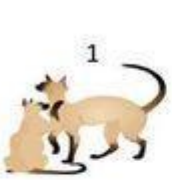
Which cat is which and where do they live?



Cat number

House letter

	I am a black cat. I am small and slim. I am chasing a butterfly! I live in a big house. It has a grey roof. The walls are green and the paintwork is yellow. There are many big windows.	
	Everybody loves me. I am a ginger kitten! I live in a small cottage. The roof is brown. There is smoke coming from the chimney. There is a tree to the left and bushes in front. My house has a white fence. There is a semi-circular window above the door.	
	I am a Siamese cat. My body is grey and my legs and tail are brown. I am with my friend. We live in a small white house with a brown roof. It has three small windows and a blue front door.	
	I am a brown cat and I'm wearing a purple ribbon round my neck. I'm with my two friends. We get up to all sorts of trouble! We live in a big house. There is a fir tree behind the house. The roof is red and the walls are blue. It has a brown chimney and there is a white fence at the front.	
	I am a lazy cat! I don't do much. Chase mice? No way! I am grey with black stripes – a tabby cat. I am lying down, facing you. I have a white patch round my nose and mouth. My humans love this. My house is white with a red brick chimney. It has three windows. The front door is white and there are pink and purple flowers.	
	I am a black and white cat. My front paws are white and people call these my white socks. Aren't people funny? I live in a big house with a verandah. The roofs are red and the walls are cream coloured. There are some steps leading up to the front door.
