

# Konsep Pembagian

Anak-anak sholih sholihah, simak video pembelajaran di bawah ini ya!

Coba kalian klik kotak di bawah ini!

Jika sudah, yuk kerjakan latihan di bawah ini!

## LKPD

Nama :

Kelas :

Contoh :

-

-

=

A large blue-bordered empty box for the answer.

4

-

2

-

2

=

0

Ada 2 kali pengurangan, sampai hasilnya 0.

Karena ada 2 kali pengurangan, maka bisa di tulis

$$4 : 2 = 2$$

Latihan

1.

-

-

-

=

A large blue-bordered empty box for the answer.

...

-

...

-

...

-

...

=

...

Ada 3 kali pengurangan, sampai hasilnya 0.

Karena ada 3 kali pengurangan, maka bisa di tulis

$$6 : 2 = \dots$$

2.

	-		-		=	<input style="border: 1px solid black; width: 60px; height: 60px; vertical-align: middle;" type="text"/>
<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>	-	<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>	-	<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>	=	<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>

Ada 2 kali pengurangan, sampai hasilnya 0.

Karena ada 2 kali pengurangan, maka bisa di tulis  $2 : 1 = \dots$

3.

	-		-		=	<input style="border: 1px solid black; width: 150px; height: 60px; vertical-align: middle;" type="text"/>
<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>	-	<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>	-	<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>	=	<input style="border: 2px solid red; width: 60px; height: 60px; vertical-align: middle;" type="text"/>

Ada  kali pengurangan, sampai hasilnya 0.

Karena ada  kali pengurangan, maka bisa di tulis

$8 : 4 = \dots$
