Don't you know I'm no good ..... you?

I've learned to ..... you, can't afford to

Tore my shirt to ..... you bleedin'

But nothin' ever stops you leavin'

Quiet when I'm comin' ..... and I'm on my own

I could lie, say I like it like that, like it like that

Don't you know too much .....?

I'll only hurt you if you ..... me

Call me friend but ..... me closer

And I'll ..... you when the party's over

But nothin' is ..... sometimes

Once we've both said our goodbyes

Let's ..... let it go

Let me let you go
