

# Homework

Let's learn about these amazing animals. Read the texts and match.

This animal had wings, so it could fly. It lived 105 million years ago.

This animal has blue feet. It is adorable. It eats fish, so it is carnivorous.

This is a mammal. It lives in the desert. It has beautiful and long ears.

This was a dinosaur with a long neck. It was called "giraffatitan".

Read this short text and complete with one word (is, are, was, or were).

The giraffatitan and the pterodaustro \_\_\_\_\_ reptiles, but the fennex fox is a mammal and the blue-footed booby \_\_\_\_\_ a bird.

The giraffatitan \_\_\_\_\_ bigger than nowadays giraffes. Giraffes \_\_\_\_\_ mammals.
