How to treat Open Cloze Texts

- Read the whole passage at least once to become familiar with the general meaning.
- Try to find out what kind of word is missing (noun, adjective, adverb, modal, article, preposition, etc.). Look at the words which are close to each blank or in the same sentence but consider other words as well. *They were hungry, ... they decided to order a takeaway.* (The second clause is a result of the first clause, therefore we need 'so'.)
- When you have completed the cloze text, read the passage again carefully to see if it makes sense and is grammatically correct.
