What do you think you'll do in the future?

What do you think you'll do in the future? Are you going to travel the world or maybe start up a business? *Tell us about your goals for the future!*

Thomas

I will finish university and take some time out. I'm going to travel around Australia. Unless you travel, you won't get a chance to gain different life experiences. I'm going to have fun!

Lucia

I've always wanted to travel into space, and now I think it might be possible in the future. Some scientists believe we'll live on other planets in a decade or two.

Marcus

I'm going to start my own business and make my first million before I'm thirty! Then I'll retire young and enjoy life. Then I'll start a family.

Debbie

I've been thinking a lot about the future. I think I'll study at university for three years and after that, I might do some volunteering at a school in India.

Julia

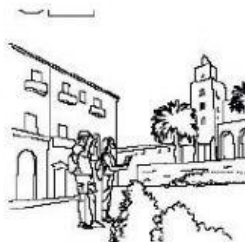

I'm just a student now, but I've got some big plans for the future. I've started learning how to play the guitar so I might play in a successful rock band one day. Why waste time working all your life?
