Read the text below then answers the following question based on the text given!

Text1

A survey has found about 13 percent of first-time smokers in the country are junior high school students. It also revealed 89 percent of young female employees were smokers. The survey was conducted in five major cities across the country, including Surakarta in Central Java.

Muhammad Syahril Mansyur, the Surakarta Health Agency's respiratory illness division, said that the finding of the survey showed an alarming growth rate of Indonesian smokers. "This situation is a cause for concern," he said. "It appears the country's younger generation is uneducated about the health risks of smoking."

The Indonesian anti-tobacco campaign has reportedly been deemed as ineffective as the government refuses to sign the international convention on tobacco control. It said that cigarette producers contributed to a large amount to state revenue and gave jobs to thousands of workers.

What was the finding of the survey?

a. The survey showed growth rate of Indonesian smokers
b. One of the five major target cities in Indonesia is Surakarta
c. Growth revenue of Indonesia has been increasing rapidly
d. Many people in Indonesia have become easily to get a job
e. Younger generation in Indonesia is lack of education about health risks of smoking

The text mainly tells you about ....

a. The danger of smoking
b. Young female smokers
c. Large amount of cigarettes
d. The health risks of smoking
e. The increase of Indonesian smokers

6.3-magitude quake jolts West Sumatra

PADANG (Jakarta Post/Asia News Network) - Residents of West Sumatra's provincial capital of Padang fled their homes as a 6.3-magnitude earthquake jolted the western part of Sumatra early on Friday (Sept 1) morning. Patients of the Dr. M. Djamil Central Hospital in Padang were evacuated to the hospital's corridors.

The Meteorology, Climatology and Geophysics Agency (BMKG) said the epicentre was 80 kilometres north-east of Siberut Island, or 87 km off the nearest city of Pariaman and around 10 km beneath the seabed. No tsunami alert was issued.

The Padang Panjang Geophysics Station stated that strong vibrations were felt in Padang, Pariaman, Painan, Padang Panjang, Bukittinggi, and Mentawai islands. No damage has been reported as of Friday afternoon.

LIVEWORKSHEETS
