## MY OWN BUDGET

1. After tracking your spending for two weeks, create a budget using categories such as entertainment, food, gas, etc. Figure the percent of total spending. Remember all of the percentages need to equal 100%. Be sure to account for saving. **DO NOT INCLUDE DOLLAR AMOUNTS!**

Category	Percent		Category	Percent

2. Using the expense categories and amounts you created in your budget, draw a pie chart showing how you spend your money. Make sure you include the key to the side.
