## Reading Assessment

### Title: Weather and Clothes for Good and Bad Weather

Hello young learners! Today, let's explore the fascinating world of weather and the appropriate clothing choices for good and bad weather. When it is sunny outside, we wear light and comfortable clothes like t-shirts, shorts, and sandals. The sun is shining brightly, and we feel warm and happy. It's a great time to go to the beach, have picnics, or play outdoor sports. Remember to apply sunscreen to protect your skin from the sun's rays!

During winter the weather turns cold, we need to bundle up to stay warm. It snows, and the air feels chilly. During these times, we wear warm clothes like sweaters, jackets, hats, gloves, and boots. You can build snowmen, go sledding, or even have snowball fights with your friends. Just be careful not to slip on any icy patches!

At times, it rains, and we need to be prepared to stay dry. We wear raincoats and use umbrellas to shield ourselves from the raindrops. Some people also wear rain boots to keep their feet dry. When it's raining, you can have fun indoors by playing board games, reading books, or even making delicious treats in the kitchen. Make the most of rainy days by being creative and enjoying warm activities!

Now, let's review what we have learned. In the summer, we wear light clothes like t-shirts, shorts, and sandals, and we enjoy outdoor activities. In the winter, we wear warm clothes like sweaters, jackets, hats, gloves, and boots, and we can have fun in the snow. When it rains, we wear raincoats, use umbrellas, and sometimes rain boots to stay dry. Remember to apply sunscreen, bundle up in the winter, and stay creative on rainy days!

**A) Answer the questions. Write complete answers.**

**1. What kind of clothes do we wear in the summer?**

---

**2. What activities do we enjoy during the sunny weather?**

---

**3. What type of clothes do we wear in the winter?**

---

**4. What can we do in the snow during the winter?**

---

**5. How do we protect ourselves from rain?**

---

**6. What can we wear to keep our feet dry in the rain?**

---

**7. What should we apply to protect our skin during sunny days?**

---

**8. What can we do indoors on rainy days?**

---

**9. What are some fun outdoor activities in the winter?**

---
