READING COMPREHENSION – UNIT 2

Read the text and then, do the activities about it.

My name is James. There are twenty-eight students in my class and I am going to tell you about my team. Jim, Mary and I make up one of the class teams.

I think Mary is nicer than Jim and she is friendlier as well. She arrives to class earlier than me and she always listens to the teacher. She pays more attention than Jim or myself. Jim is lazier than Mary and he arrives the latest at school. He pays the least amount of attention in class and he likes to have more fun than anyone else. He is the funniest in the team. Jim is a very nice person but I think he needs a little more discipline than the other students in class.

My friend Tom is on a team with Ann and Sue. Sue is the youngest in the team and Ann is the oldest. Tom is younger than Ann but older than Sue. Tom does his homework faster than Sue but Sue is quieter than Tom. Ann has the best grades of the team and she is the most productive because she works really hard. She is more prepared than the others on the team and she always raises her hand to answer questions. In fact, Ann would like to become a school teacher and she wants to go to the university when she grows up.
