

PRACTICAL WORK

1- Circle the correct option.

1. **Fertiliser / Weeds / Trees** are any plants that you don't want in your garden.
They can sometimes take light and water away from the plants you want to grow.
2. **Caterpillars / Earthworms / Snails** are important animals. They process the soil
so plants can use it better.
3. **Caterpillars / Earthworms / Snails** are small, slow animals that carry a shell
for protection.
4. **Fertiliser / Snails / Weeds** is any product—natural or chemical—that provides food
for plants in the soil.

2 Tick (✓) the ones that are correct

- | | |
|--|--|
| ☒ some water | ☐ many butters |
| ☐ two waters | ☐ some butter |
| ☐ ten onions | 1. ☐ a cereal |
