

City of _____ & _____

Mat Kearney

This whole city's _____ and _____
Tell me what is your _____.
Could it be the same as mine?
Faded _____ and _____ street lights,
There's a _____ fire burning
In the sea up to the sky.

I don't want to wait until tomorrow
To tell you how I'd _____ the rest of my life
You don't want a waste another minute to realize
Walking on the dark side of the evening
Baby it is you, that opened my _____
Burning _____ a fire on the water
In the city of black and white.
Won't you just stay?
Won't you just stay?

I'm on the top step looking down
If you're coming up to me
It's where the whole world wants to be found

Golden rings and coffee _____

There's _____ flag waving
When my heart is on the ground.

I don't want to wait until tomorrow
To tell you how I'd _____ the rest of my life
You don't want a waste another minute to realize
Walking on the dark side of the evening
Baby it was you that opened my _____
Burning _____ a fire on the water
The city of _____ and _____.
Won't you just stay?
Won't you just stay?
Won't you just stay now
With the light glows
Over a dark street
No one else knows
So take my hands
I'll carry you, you can carry me.
'Cause I don't want to wait until tomorrow
To tell you how I'd feel the rest of my life
