

I go to school 6 days a week. My school is big. There are many rooms in my school. They are classrooms, a library, a canteen, a gym, a cloakroom. There are many desks and chairs, blackboard, posters, windows, a door in my classroom.

I am in the 4th grade. There are 26 pupils in my class. We have 6 lessons every day. Our subjects are English, Maths, Art, Music, PE, Hebrew, Science.

My favourite school subject is Maths. I am good at it. I'm interested in English too. I answer teacher's questions, go the board, read texts, repeat phrases, do exercises on English lesson.

I wear a school uniform and a backpack. There are books, notebooks, a pencil case (a pen, a pencil, an eraser) in my bag.
