In the UK

Children start ¹ primary school when they're five. Before that, many children go to ² school, e.g. between the ages of two and four, but this is not compulsory. From 11–18, children go to ³ school. The majority of schools in the UK (about 90%) are ⁴ schools, which means that they are paid for by the government and education is free. The other 10% are ⁵ schools, where parents have to pay. A few of these are ⁶ schools, where children study, eat, and sleep. Children at primary school are often called ⁷ and children at secondary school are usually called ⁸ , as are people who are studying at university. The person who is in charge of a school is called the ⁹ teacher. The school year is divided into three ¹⁰ .

If you want to go to university, you have to take exams called A levels in your last year at school. If your results are good enough, you get a place. A person who has finished university and has a ¹¹ is called a graduate.
