

Juguemos con la Recta

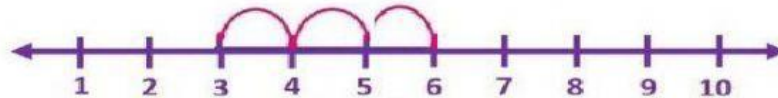

1. Observemos muy bien los signos, realiza los saltos y escribe el total:

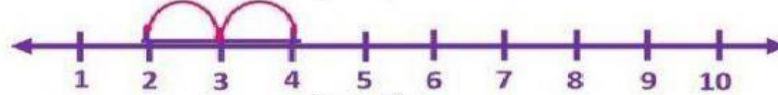

$$2+2= \square$$

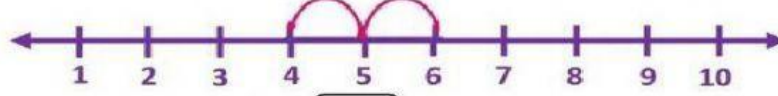

$$3+2= \square$$

$$3+3= \square$$

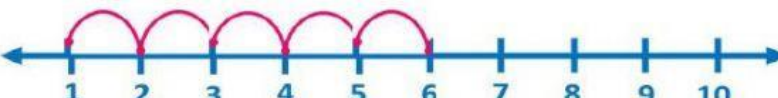

$$2+2= \square$$

$$4+2= \square$$

$$2+2= \square$$

$$1+5= \square$$

$$2+4= \square$$

$$7+2= \square$$

$$4+1= \square$$

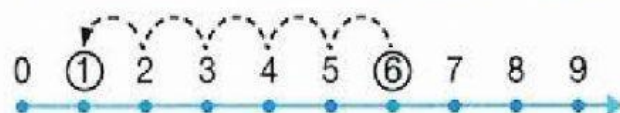

2. Escribe la operación que se representa en cada recta numérica:

$$8 - 3 = 5$$

$$\quad - \quad =$$

$$\quad - \quad =$$

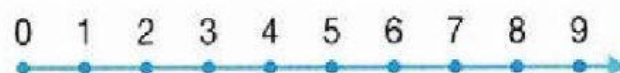

$$\quad - \quad =$$

$$\quad - \quad =$$

3. Inventa tu resta en la recta numérica y escribe la operación:

$$\quad - \quad =$$

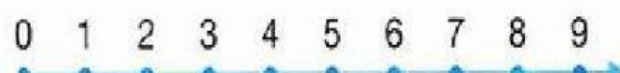

$$\quad - \quad =$$

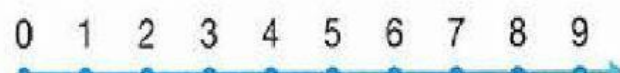

$$\quad - \quad =$$

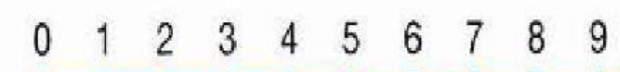

$$\quad - \quad =$$

$$\quad - \quad =$$

$$\quad - \quad =$$

$$\quad - \quad =$$
