There are many beautiful places to visit in my country. My favourite places are near the coast. I live in a big city, and it's the furthest place from the coast in the country!

When I go on holiday, I usually go swimming. My friends often go fishing, but I prefer to be in the water. I don't need a sandy beach. The sea near cliffs is more interesting because there aren't many people there, and you can see some beautiful fish. But the rocks can be a bit dangerous. The only thing that I'd like to have one holiday is hotter weather, but there are other things that are more important to me.
