

6: Mexican Tacos

Is a Mexican taco a sandwich? Many people say no, but I say, "Yumm!"

What is a sandwich? A sandwich is meat and vegetables between bread.

A taco has a shell called a tortilla. A tortilla is a hard, crunchy, thin bread. Inside the tortilla is hamburger meat, lettuce, tomatoes, chilis, and cheese. A taco is meat and vegetables inside bread. It is a sandwich.

Tacos are street food from Mexico. People buy them from street vendors and walk around. The tortilla can be crunchy or soft.
