Claire and Matt are very good friends. They go to the same school and like the same subjects. Their favourite subjects are IT and Science. Now, they are on a school trip. They are in a really interesting computer science museum. They are sitting at a large table where there are many computers. They are playing a science game with other students. Their teacher is helping them because she is very good at computers. There are a lot of school children in the museum. Claire and Matt love these school trips. They always have a good time and they learn new things. Last month they went to a natural science museum and they saw robotic dinosaurs. It was a great experience!
