MEET MY FAMILY

Hi! My name is Adriano and this is my lovely family.

We live in a small town in Naples, Italy.

I am 12 years old. I am a high-school student. My dad's name is Giovanni. He is 38 years old. He's a chef at his famous restaurant. He's excellent at his job. There's my mom, Sophia. She is from Venice and she is 37 years old. She is a doctor of the local hospital. She is a kind and intelligent person.

I have two siblings. A sister and a brother. My sister's name is Gabriella. She is 8 years old. She is creative and curious. She likes to invent interesting stories. My brother's name is Alonso. He is 14 years old. He is a really funny guy. He always makes all of us laugh.

We live with our grandparents on my dad's side. They are Luciana and Alfredo. They are retired. They like to tell us stories about their life experiences. They are very wise. We love them very much.

My dad has a sister. Her name is Leonarda. She's 26 years old and she's a teacher. She's very adorable and friendly. My siblings and I play with her in our garden on weekends. She has two pets. A female cat and a male dog. Her cat's name is Lady and her dog's name is Max. They are playful and adorable.

My mom's mother lives in Venice. Her name is Emilia. She is a painter. She's a unique person. She has a pet. A fish. Its name is Cannoli. I like to see Cannoli in its fishbowl when we visit my grandma.

I love my family!
