Nice and <sup>1.</sup> ..... for working everywhere!  
The new <sup>2.</sup> ..... tablet (0.5 cm) has got <sup>3.</sup> .....  
Wi-Fi, for Internet connection on the go. Its  
<sup>4.</sup> ..... screen is perfect for doing graphics work.  
It really is a <sup>5.</sup> ..... model.

## Technology

**QUESTION:** My 80-year-old grandmother wants a computer. She's never used one before. Can someone advise me?

**ANSWER:** She needs something that is <sup>1</sup> ..... – it's no use buying her a computer that is too <sup>2</sup> ..... to use.

Look for something that is simple to use and <sup>3</sup> ..... – you don't want a computer that gives her problems all the time.

She won't need a <sup>4</sup> ..... computer because I imagine she will only use it for basic things. I would think about getting her an <sup>5</sup> ..... mouse, so that it's easier for her hands.
