Grade:

My Daily Routine

In the morning, I wake up and brush my teeth to get ready for the day. Then, I get dressed and go to school to begin my lessons. During my time at school, I learn about different subjects and take breaks to socialize and play with my classmates.

In the afternoon, I return home from school and have lunch with my family. Later, I read a book and take a shower. Then, I have dinner with my family and spend some time talking about our day.

Finally, at night, I get dressed in comfortable pajamas and brush my teeth before I go to bed.
