

## Round three

### Choose the correct variant

|                                                                |               |               |                        |
|----------------------------------------------------------------|---------------|---------------|------------------------|
| 1) Mary is in hospital for a month, she... from an operation.  |               |               |                        |
| recovers                                                       | is recovering | has recovered | had recovered          |
| 2) It's a beautiful day and the sun ...                        |               |               |                        |
| shines                                                         | shone         | is shining    | will shine             |
| 3) I ... to Minsk tomorrow.                                    |               |               |                        |
| had gone                                                       | went          | go            | am going               |
| 4) There ... a lot of people in the park yesterday.            |               |               |                        |
| is                                                             | are           | was           | were                   |
| 5) I ... school when I was 5 years old.                        |               |               |                        |
| started                                                        | had started   | has started   | was starting           |
| 6) I ... at school since I was 5.                              |               |               |                        |
| has been                                                       | had been      | was           | will be                |
| 7) He just ... some flowers from his garden.                   |               |               |                        |
| will cut                                                       | has cut       | had cut       | is cutting             |
| 8) Look! A man ... to open the door of your car.               |               |               |                        |
| have try                                                       | is trying     | will try      | would have been trying |
| 9) After he ... his bag he left the house and locked the door. |               |               |                        |
| has packed                                                     | had packed    | was packing   | is packing             |
